Our Display Services

Thank you for looking at our display services. Celebrate your special occasion with one of our retail display packages. Each display is designed to be balanced, cost effective and made to be spectacular!

Did you know that all of the products used in our shows can be purchased by you for your own use, all year round? You can find out more about our products online at:

www.edinburghfireworksstore.com

We will send a trained pyrotechnician to your show. They will transport your fireworks to your venue, set them up, fire them, set them down and clear up the debris. This service is all inclusive within our package prices.

The only additional cost over and above our listed package prices is likely to be for travel and transport for shows that are more than 30 miles away.* This is simply to cover our costs. We are happy to travel anywhere in the country to deliver our spectacular shows!

All shows managed by us are automatically covered under our £10,000,000 public liability insurance. Our team will also coordinate all of the aspects of the safe delivery of your show, including communicating with your venue and any other relevant authorities for you and on your behalf.

Initials In A Love Heart: £195 (incl. VAT)

Product Description:

Why not have your initials light up in fireworks within a hand crafted and bespoke red love heart. This set piece is built by our fireworks team here at the Edinburgh Fireworks Store.

It is a static set piece that sits about 2m above ground level and burns for almost 1 minute. The frame is over 1m tall by 1m wide and is not to be confused with cheaper, smaller imitation products. Each set piece is custom made by hand. This will make your show stand out from the rest.

Add Fountains:

Add an extra bit of sparkle to this set piece by adding bright, shimmering fountains for **just £75 (incl. VAT)**.

Additional Finale Options

Product Description:

After you have chosen your fireworks package, why not push the boat out a little and add that bit more that will transform your finale from something great into something absolutely outrageous! The finale is the bit that you and your guests will remember most, so make it super special by adding one of our **Additional Finale** options:

■ Option 1: £95 (incl. VAT)

Fired over 30 secs, this finale is made up of a large bore, rapid firing multi-shot cake barrage that will relentlessly fill the sky with colour and enormous golden crackles.

■ Option 2: £195 (incl. VAT)

Also fired over 30 secs, this finale will hit the skies hard! Multiple shots lifting simultaneously, each opening up into significant bursts with colour and varying effects. Very loud, very fast and as close to professional as you can get! You will remember this one for years to come.

*1 For shows further than 30 miles from our site, we may need to ask for a small additional fee simply to cover fuel, transport and costs.

*2 The recommended duration time is shorter because our team use far larger fireworks to fill the sky, making the show bigger and more impressive.
